

A New Direction

FINALLY, we can get going again.

It has been a while since the site has had an update, but we have reasons, of course!

These factors will exist regardless of who's on the team, but now however, there is new vitality that goes with a more obvious, understandable, and realistic direction.

With a much more defined path, we also plan to make minor changes to this site from time to time, so that eventually, it can support us in our new initiatives.

Look and feel will be pretty much the same, and there will be more of your usual favorite sections.

Be safe,
